

Coming your way very soon...

The MGS Alumnae Association will be moving to our brand new online home:
www.MGSalumnae.com !

The new website will be a one-stop portal for alumnae all over the world to be connected to one another, get their latest MGS news and event photos, check out class reunion notes, register for Founder's Day Dinner, as well as order the latest MGS merchandise!

The portal will be launched in stages, and two key features include the ability to register (and pay) for Alumnae membership online, and a convenient digital ID for access to the Sports Complex on campus.

Once registered, alumnae members will be able to log onto their account, which will display their photo and a unique QR code. Although not a standalone app, the website will have a mobile display version so members can access their digital IDs from their phones and tablets.

In addition, the portal will allow alumnae to make donations online, learn about volunteering and mentorship opportunities, be eligible for exclusive discounts, events, and other membership benefits, as well as re-connect with old classmates and plan reunions.

Another hotly requested feature has been the Alumnae Shop. The entire catalogue of MGS merchandise can be browsed on the website, and purchases can be made online by secure credit card payment directly from the Alumnae Shop.

Alumnae who haven't had a chance to visit the new Heritage Centre can also check out video clips and exhibit photos through the online gallery.

Also for members not based in Singapore, we will be launching a network of overseas chapters to better connect with other old girls in their country or region.

The website should come online in the second quarter of this year, just in time to book a table for the 132nd Founder's Day Dinner on 25th July 2019 – [which you will now be able to do at the new website!](#)
